### Please read carefully

Models understand that they are in a 'Learning Environment'; treatments may take longer than planned and the authority of the lecturer in charge of the class must be recognised.

Whilst every effort is made to meet client requirements, in some cases the process may be carried out to the satisfaction of the lecturer not the model.

Every precaution is taken to reduce the risk of allergic reactions with products used in the hairdressing and beauty departments.

All hair and beauty treatments are carried out at the model's own risk.
