Level 4 Network Engineer Apprenticeship

99%
Employer Satisfaction

Level 4

Network Engineer Apprenticeship

Summary

The primary role of a network engineer is to design, install, maintain and support communication networks within an organisation or between organisations. Network engineers need to maintain high levels of operation of communication networks in order to provide maximum performance and availability for their users, such as staff, clients, customers and suppliers. They will understand network configuration, cloud, network administration and monitoring tools, and be able to give technical advice and guidance. You will have regular face-to-face contact with your college tutor and be fully supported, guided and advised throughout your apprenticeship.

Entry Criteria

- A minimum of 4 GCSE' s Grades 9-4 (A-C) including maths and English
- A level 3 relevant qualification or equivalent

Duration

24 months + End Point
Assessment
